Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 Classification 2

5 Requirements 2
5.1 Material of the working end 2
5.2 Material for the handle 2
5.3 Dimensions 2
5.4 Surface finish 2
5.5 Resistance to reprocessing 2
5.6 Hardness of the working end 2
5.7 Connection of shank and handle 2
5.8 Shape of working end 2

6 Test method 4
6.1 Measurement of length 4
6.2 Test on surface finish 4
6.3 Test on resistance to reprocessing 4
6.4 Hardness test 4
6.5 Connection of shank and handle 4
6.5.1 Test under tensile force 4
6.5.2 Test under torque 4

7 Marking 4
7.1 Marking on the instrument 4
7.2 Labelling on the package 4
7.3 Instructions for use 4
