## Dentistry - Sinus membrane elevator

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Classification .....	2
5	Requirements .....	2
5.1	Material of the working end .....	2
5.2	Material for the handle .....	2
5.3	Dimensions .....	2
5.4	Surface finish .....	2
5.5	Resistance to reprocessing .....	2
5.6	Hardness of the working end .....	2
5.7	Connection of shank and handle .....	2
5.8	Shape of working end .....	2
6	Test method .....	4
6.1	Measurement of length .....	4
6.2	Test on surface finish .....	4
6.3	Test on resistance to reprocessing .....	4
6.4	Hardness test .....	4
6.5	Connection of shank and handle .....	4
6.5.1	Test under tensile force .....	4
6.5.2	Test under torque .....	4
7	Marking .....	4
7.1	Marking on the instrument .....	4
7.2	Labelling on the package .....	4
7.3	Instructions for use .....	4
Bibliography .....		5
