ISO 17730:2020 (E)

Dentistry — Fluoride varnishes

Contents

Foreword

Introduction

1 Scope

2 Normative references

3 Terms and definitions

4 Requirements

4.1 Total fluoride content
4.2 Fluoride release potential

5 Sampling

6 Measurement and test methods

6.1 Test conditions
6.2 Test for total fluoride content
6.2.1 Chemicals and solutions
6.2.2 Apparatus
6.2.3 Procedure
6.2.3.1 Preparation of standard solutions
6.2.3.2 Preparation of calibration curve
6.2.3.3 Sample preparation
6.2.3.4 Sample analysis
6.2.3.5 Calculations
6.2.3.6 Interpretation of results
6.3 Tests for conformance with “Instructions for use” and “Packaging and labelling”

7 Test report

8 Instructions for use

9 Packaging and marking/labelling

9.1 Packaging
9.2 Marking/labelling

Annex A (informative) Test for fluoride release potential

A.1 Chemicals and solutions
A.2 Apparatus
A.3 Procedure
A.3.1 Preparation of calibration curve
A.3.2 Sample Preparation
A.3.3 Sample analysis
A.3.4 Interpretation of results
