Foreword ... 3

Introduction ... 4

1 Scope ... 5

2 Normative references ... 5

3 Terms and definitions ... 5

4 Symbols and abbreviations ... 5

5 Usage limitations – Limited issuance ... 5

6 Value range limitations ... 6

7 Encoding specification ... 7
7.1 Data to be encoded ... 7
7.2 Calculation of the error detection and correction bits ... 9
7.3 Construction of the bar code to be printed on the Item ... 10

8 Printing of the bar code ... 11
8.1 Optical characteristics of the ink ... 11
8.2 Bar code characteristics ... 11

9 Reading and interpretation of BNB-62 bar codes ... 12
9.1 Discrimination from other bar codes ... 12
9.2 Fully-read bar codes ... 13
9.3 Partially read bar codes ... 13
9.4 Checking data field values ... 13
9.5 Manual interpretation of bar codes ... 14

10 Conversion to the message and binary representations ... 15

Annex A (informative) **Error detection and correction algorithms** ... 16
A.1 Introduction ... 16
A.2 Calculation of error control bars ... 16
A.3 Checking the read value for errors ... 16
A.4 Correcting an erroneous bar code ... 17

Annex B (informative) **S18 ID-tag 62-position BNB bar code template** ... 18

Bibliography ... 19
