Adventure tourism - Hiking and trekking activities - Requirements and recommendations

Contents		Page
Foreword		v
Introduction		vi
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
4	Service requirements	4
5	Leadership	5
5.1	Leader qualifications and quantities	5
5.2	Assistant competencies	5
6	Participants	6
6.1	Profile collection	6
6.2	Information analysis	6
7	Equipment	7
7.1	Equipment availability and quantities	7
7.1.1	General	7
7.1.2	Collective equipment	7
7.1.3	Individual equipment	7
7.2	Equipment maintenance, cleaning and sanitizing	8
8	Participant preparation	9
8.1	Information for participants	9
8.1.1	General	9
8.1.2	Knowledge of risks and responsibilities	9
8.2	Participant instruction	10
9	Safety and insurance requirements	10
9.1	General	10
9.2	Prevention of risks and safety measures	10
9.3	Communication	11
9.4	Specific requirements for self-guided routes	11
10	Risk management	12
10.1	Risk analysis and assessment	12
10.2	Hazard and risk inventory	12
10.3	Risk treatment	13
10.4	Emergency preparedness and response	13
11	Service completion	14
12	Service control	14
12.1	General requirements	14
12.2	Records	15
12.2.1	Maintaining a registration system	15

12.2.2	Suggestion and critical records	15
12.2.3	Incident recording, including accidents	15
12.3	Procedures	16
12.4	Critical service review	16
13	Social and environmental mitigation and conservation	16
14	Route classification	17
14.1	General requirements	17
14.2	Classification criteria	17
14.3	Classification procedures	17
14.3.1	General	17
14.3.2	Severity of the environment	18
14.3.3	Route navigation orientation	19
14.3.4	Terrain conditions	19
14.3.5	Physical exertion	20
14.4	Classification communication	23
Annex A (informative)	Hiking and trekking route classification reference table	25
Annex B (informative)	Hiking and trekking route classification form	26
Annex C (informative)	Example of hiking and trekking route classification	28
