

DIN EN ISO 20685:2010-11 (E)

3-D scanning methodologies for internationally compatible anthropometric databases (ISO 20685:2010)

| Contents | | Page |
|--|--|-------------|
| Foreword | | 3 |
| Foreword | | 3 |
| Introduction | | 4 |
| 1 Scope | | 5 |
| 2 Normative references | | 5 |
| 3 Terms and definitions | | 5 |
| 4 Accuracy of extracted measurements | | 9 |
| 5 Research designs for establishing accuracy of body dimensions extracted from scanners | | 12 |
| 6 Method for estimating the number of subjects needed | | 13 |
| Annex A (informative) Methods for reducing error in 3-D scanning | | 15 |
| Bibliography | | 24 |
