Ergonomic design of control centres - Part 4: Layout and dimensions of workstations

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 Initial control workstation layout considerations 3

5 Factors determining control workstation design 4
5.1 General user considerations 5
5.2 Visual tasks 9
5.3 Auditory tasks 10
5.4 Working postures 10

6 Control workstation layout 12
6.1 General layout considerations 13
6.2 Layout requirements 14

7 Control workstation dimensions 17
7.1 Dimension considerations 17
7.2 Seated control workstations 17
7.3 Standing control workstations 18

Annex A (informative) Arranging displays and control workstations 19

Annex B (informative) Conformance matrix 30
