## Ageing societies - Accessibility and usability considerations for home healthcare products, related services and environments

---

<b>Contents</b>		Page
<b>Foreword</b> .....		iv
<b>Introduction</b> .....		v
<b>1 Scope</b> .....		1
<b>2 Normative references</b> .....		1
<b>3 Terms and definitions</b> .....		1
<b>4 General considerations for increasing accessibility and usability</b> .....		2
4.1 Safety and security.....		2
4.2 Cleanliness, disinfection and sterilization.....		3
4.3 Independence and autonomy of care recipients.....		3
4.4 Accessibility in general.....		3
<b>5 Considerations on home healthcare products for increasing accessibility and usability</b> .....		4
5.1 Operation.....		4
5.1.1 General considerations.....		4
5.1.2 Specific considerations.....		5
5.2 Information and marking.....		6
5.2.1 General considerations.....		6
5.2.2 Specific considerations.....		7
<b>6 Considerations on services related to use of home healthcare products for increasing accessibility and usability</b> .....		10
6.1 General considerations.....		10
6.2 Specific considerations.....		11
<b>7 Considerations on environments for use of home healthcare products for increasing accessibility and usability</b> .....		12
7.1 General considerations.....		12
7.2 Specific considerations.....		12
7.2.1 Lighting environment.....		12
7.2.2 Sound environment.....		13
7.2.3 Thermal and air quality environment.....		13
7.2.4 Others.....		13
<b>Annex A (informative) Major home healthcare products and users</b> .....		15
<b>Annex B (informative) Examples of home healthcare products</b> .....		18
<b>Bibliography</b> .....		24
