ISO 12894:2001-06 (E)

Ergonomics of the thermal environment - Medical supervision of individuals exposed to extreme hot or cold environments

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 2

4 Principles of medical supervision of individuals 2
4.1 General 2
4.2 Ergonomic investigations 3
4.3 Occupational exposure 5

Annex A (informative) General principles underlying ergonomic investigations in which volunteer subjects may experience discomfort 6

Annex B (informative) Medical effects of exposure to hot and cold 9

Annex C (informative) Medical supervision of individuals exposed to extreme hot environments in the laboratory 13

Annex D (informative) Medical supervision of individuals exposed to cold environments in the laboratory 18

Annex E (informative) Practical requirements of medical supervision in the laboratory, or during field studies with volunteers not normally exposed 23

Annex F (informative) Occupational exposures to extreme heat and cold 25
