Ergonomic principles in the design of work systems

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Terms and definitions 1

3 Designing work systems 3
3.1 General principles 3
3.2 Work system design process 4
3.3 Formulation of goals (requirements analysis) 4
3.4 Analysis and allocation of functions 4
3.5 Design concept 5
3.6 Detailed design 5
3.7 Realization, implementation and validation 9

4 Evaluation 9
