Foreword 4

Introduction 5

1 * Scope 6

2 Normative references 6

3 Terms and definitions 7

4 Identification and marking 10
4.1 * Units of measurement 10
4.2 * Legibility of markings 10
4.3 * Durability of markings 10
4.4 * Marking of non-automated sphygmomanometer 10
4.5 * Usability of reading 11
4.6 Marking of the cuff 11
4.7 Marking of the non-automated sphygmomanometer packaging 11

5 General requirements for testing non-automated sphygmomanometers 12
5.1 * Type tests 12
5.2 * Representative sample 12
5.3 Environmental conditions 12
5.4 Repairs and modifications 12
5.5 * Humidity preconditioning treatment 12

6 General requirements 13
6.1 General 13
6.2 Electrical safety 13
6.3 Mechanical safety 13
6.4 Mechanical strength 13

7 Requirements 15
7.1 Pressure indicating means 15
7.2 Pneumatic system 16
7.3 * Tamper proofing or unauthorized access 19
7.4 Dynamic response in normal use 19

8 Additional requirements for non-automated sphygmomanometer with mercury manometer 20
8.1 * Internal diameter of the tube containing mercury 20
8.2 * Portable non-automated sphygmomanometer 20
8.3 * Prevention of mercury spillage during transport 20
8.4 * Prevention of mercury spillage in normal use 20
8.5 Quality of the mercury 21

9 Non-automated sphygmomanometers with aneroid manometer 21
9.1 * Scale mark at zero 21
9.2 * Zero 21
9.3 Hysteresis error 21
9.4 * Construction and materials 22

10 Cleaning, sterilization and disinfection 22
10.1 Reusable non-automated sphygmomanometer and parts 22
10.2 Non-automated sphygmomanometer and parts requiring processing before use 22
10.3 Non-automated sphygmomanometer and parts delivered sterile 23

11 Biocompatibility 23

12 Information supplied by the manufacturer 23
12.1 Accompanying document 23
12.2 Instructions for use 23
12.3 Technical description 26

Annex A (informative) Rationale and guidance 28

Annex B (informative) Advice regarding non-automated sphygmomanometers with a mercury manometer 36

Annex C (informative) Environmental aspects 37

Annex D (informative) Reference to the essential principals 38

Annex E (informative) Terminology -- Alphabetized index of defined terms 40

Bibliography 41

Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 93/42/EEC on medical devices 43
