

ISO 11553-3:2013-03 (E)

Safety of machinery - Laser processing machines - Part 3: Noise reduction and noise measurement methods for laser processing machines and hand-held processing devices and associated auxiliary equipment (accuracy grade 2)

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Noise hazards	2
4	Safety requirements and measures	2
4.1	General requirements for noise reduction	2
4.2	Noise reduction measures	2
5	Verification of safety requirements for noise emission reduction and/or protection measures ...	3
6	Information for the user	3
Annex A (normative) Noise test code (accuracy grade 2)		5
Bibliography		12
