Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Requirements 5
4.1 General 5
4.2 Radius of curvature measurements 5
4.3 Measurement of direction of principal meridians 6
4.4 Eyepiece adjustment (if applicable) 6

5 Test methods 6
5.1 General 6
5.2 Checking optical requirements 6

6 Accompanying documents 7

7 Marking, labelling and packaging 7

Annex A (informative) Test devices and test configuration for checking meridional axesand ophthalmometer position 8
