Tissue-engineered medical products - Evaluation of anisotropic structure of articular cartilage using DT (Diffusion Tensor)-MR Imaging

Contents	Page
Foreword	iv
Introduction	v
1 Scope	1
2 Terms and definitions	1
3 Principle	3
4 Diffusion tensor magnetic resonance imaging (DT-MRI) data observation in articular cartilage	3
4.1 DT-MRI measurement process	3
4.2 Notes on setting of DT-MRI imaging parameters for articular cartilage	4
4.3 Measurement indices for structural evaluation of articular cartilage by DT-MRI	5
Annex A (informative) Measurement Results	10
Bibliography	23
