## Microscopes - Values, tolerances and symbols for magnification

---

| <b>Contents</b>    |   | <b>Page</b> |
|--------------------|---|-------------|
| Foreword .....     |   | iv          |
| 1                  | Scope .....   | 1           |
| 2                  | Normative references .....  | 1           |
| 3                  | Terms and definitions .....                                       | 1           |
| 4                  | Symbols for magnification of imaging components .....             | 1           |
| 5                  | Values and tolerances for magnification .....                     | 1           |
| 5.1                | Values for magnification .....                                    | 1           |
| 5.2                | Tolerance of values of magnification for imaging components ..... | 1           |
| Bibliography ..... |   | 3           |
