

ISO 9022-20:2015-03 (E)

Optics and photonics - Environmental test methods - Part 20: Humid atmosphere containing sulfur dioxide or hydrogen sulfide

Contents		Page
Foreword		iv
Introduction		vi
1 Scope		1
2 Normative references		1
3 General requirements		1
4 Conditioning		1
4.1 Conditioning method 41: Humid atmosphere containing sulfur dioxide (SO ₂).....		2
4.2 Conditioning method 42: Humid atmosphere containing hydrogen sulfide (H ₂ S).....		2
5 Procedure		2
5.1 General.....		2
5.2 Preconditioning.....		2
6 Environmental test code		2
7 Specification		3
Annex A (informative) Explanatory notes		4
Bibliography		6
