

ISO 9022-20:2015-03 (E)

Optics and photonics - Environmental test methods - Part 20: Humid atmosphere containing sulfur dioxide or hydrogen sulfide

Contents		Page
Foreword	iv
Introduction	vi
1 Scope	1
2 Normative references	1
3 General requirements	1
4 Conditioning	1
4.1 Conditioning method 41: Humid atmosphere containing sulfur dioxide (SO ₂)	2
4.2 Conditioning method 42: Humid atmosphere containing hydrogen sulfide (H ₂ S)	2
5 Procedure	2
5.1 General	2
5.2 Preconditioning	2
6 Environmental test code	2
7 Specification	3
Annex A (informative) Explanatory notes	4
Bibliography	6
