Ophthalmic implants - Intraocular lenses - Part 7: Clinical investigations of intraocular lenses for the correction of aphakia (ISO 11979-7:2018)

Contents		Page
European foreword		3
Foreword		4
Introduction		5
1 Scope		6
2 Normative references		6
3 Terms, definitions and abbreviated terms		6
3.1 Terms and definitions.....		6
3.2 Abbreviated terms.....		6
4 Justification for a clinical investigation		7
5 Ethical considerations		7
6 General requirements		7
6.1 General.....		7
6.2 Design of a clinical investigation.....		7
6.2.1 Requirements for all types of IOLs.....		7
6.2.2 Additional requirements for toric IOLs (TIOLs).....		8
6.2.3 Additional requirements for multifocal IOLs (MIOLs).....		8
6.2.4 Additional requirements for accommodating IOLs (AIOLs).....		8
6.2.5 Additional requirements for anterior chamber IOLs.....		8
6.3 Characteristics of clinical investigations.....		9
6.3.1 General.....		9
6.3.2 Characteristics to be studied for all types of IOLs.....		9
6.3.3 Additional characteristics to be studied for TIOLs.....		9
6.3.4 Additional characteristics to be studied for MIOLs.....		10
6.3.5 Additional characteristics to be studied for AIOLs.....		10
6.3.6 Additional characteristics applying to anterior chamber IOLs.....		10
6.3.7 Additional characteristics.....		10
6.4 Duration of the investigations.....		10
6.5 Enrolment.....		11
6.6 Bilateral implantation.....		11
6.7 Surgical technique.....		11
6.8 Examination and treatment of subjects.....		11
6.9 Adverse events reports.....		12
6.10 Inclusion and exclusion criteria.....		12
6.10.1 General.....		12
6.10.2 Additional inclusion criteria for TIOLs.....		12
6.10.3 Additional exclusion criteria for MIOLs.....		12
6.10.4 Additional exclusion criteria for anterior chamber IOLs.....		13
Annex A (informative) General elements in the clinical investigation of IOLs		14
Annex B (informative) Additional elements for the clinical investigation of TIOLs		19
Annex C (informative) Additional elements for the clinical investigation of multifocal IOLs		24
Annex D (informative) Additional elements in the clinical investigation of accommodating IOLs		27
Annex E (informative) Evaluation of post-operative adverse events and visual acuity rates		32
Annex F (informative) Clinical tests		36
Annex G (informative) Statistical methods and sample size calculations		42
Bibliography		47
