European foreword ... **4**

Foreword ... **5**

Introduction ... **6**

1 Scope ... **8**

2 Normative references ... **8**

3 Terms and definitions ... **9**

4 General requirements ... **12**
4.1 Classification ... 12
4.2 Materials of construction for filter system ... 12
4.3 Configuration and size designation for filters ... 13
4.4 Intended clinical use designation ... 13

5 Intended performance ... **13**

6 Design attributes ... **13**
6.1 General ... 13
6.2 Filter system ... 13
6.3 Vena cava filter ... 13
6.4 Optional filter ... 14
6.5 Convertible filter ... 14
6.6 Retrieval system ... 14
6.7 Conversion system ... 14
6.8 Filter system, retrieval system and conversion system ... 14
6.9 Coating on delivery system or filter ... 15
6.10 Absorbable filter or coating ... 15

7 Materials ... **15**

8 Design evaluation ... **15**
8.1 General ... 15
8.2 Sampling ... 16
8.3 Conditioning of test samples ... 17
8.4 Reporting ... 17
8.5 Bench and analytical tests ... 18
8.5.1 General ... 18
8.5.2 Filter system ... 18
8.5.3 Vena cava filter ... 20
8.5.4 Optional filter ... 22
8.5.5 Convertible filter ... 23
8.5.6 Retrieval system ... 23
8.5.7 Conversion system ... 24
8.5.8 Filter system, retrieval system and conversion system ... 25
8.5.9 Coating on the delivery system, the retrieval system, the conversion system or the filter ... 26
8.5.10 Absorbable filter or coating ... 26
8.6 Preclinical in vivo evaluation ... 27
8.6.1 Purpose ... 27
8.6.2 Specific aims ... 27
8.6.3 Protocol considerations ... 28
8.6.4 Data acquisition ... 28

8.6.5 Test report and additional information 30
8.7 Clinical evaluation 31
8.7.1 Purpose 31
8.7.2 Specific aims 32
8.7.3 Protocol considerations 32
8.7.4 Data acquisition 33
8.7.5 Final report 36
9 Post-market experience 37
10 Manufacturing 37
11 Sterilization 37
11.1 Products supplied sterile 37
11.2 Sterilization residuals 37
12 Packaging 38
12.1 General 38
12.1.1 General 38
12.1.2 Unit container 38
12.1.3 Outer container 38
12.1.4 Shipping container 38
12.1.5 Maintenance of sterility in transit 38
12.2 Labelling 38
12.2.1 Container label 38
12.2.2 Filter systems 38
12.2.3 Retrieval systems 39
12.2.4 Conversion systems 39
12.2.5 Record label 39
12.3 Information supplied by the manufacturer 40
12.3.1 General 40
12.3.2 Information and instructions for use 40
Annex A (informative) **Relationship between testing requirements, device attributes and potential failure modes, and guidance for the creation of a device evaluation strategy 42**
Annex B (informative) **Description of clinical effects of failure 60**
Annex C (informative) **Description of device effects of failure 62**
Annex D (informative) **Test methods 63**
Annex E (informative) **Examples of general issues related to the clinical use of vena cava filters 99**
