

DIN ISO 10110-11:2026-06 (E)

Optics and photonics - Preparation of drawings for optical elements and systems - Part 11: Non-toleranced data (ISO 10110-11:2025)

Contents		Page
Foreword		iv
Introduction		vi
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
4	Default values for non-toleranced data	2
4.1	Background	2
4.2	Application of default tolerances	2
4.3	Table of default tolerances	2
4.4	Cases in which default tolerances are not provided	3
4.4.1	General	3
4.4.2	Effective aperture	4
4.4.3	Laser irradiation damage threshold	4
Bibliography		5
