

# DIN ISO 14490-7:2006-08 (E)

## Optics and optical instruments - Test methods for telescopic systems - Part 7: Test methods for limit of resolution (ISO 14490-7:2005)

---

<b>Contents</b>		<b>Page</b>
Foreword .....		2
Introduction .....		3
1 <b>Scope</b> .....		4
2 <b>Normative references</b> .....		4
3 <b>Terms and definitions</b> .....		4
4 <b>Method of determination of the limit of resolution</b> .....		4
4.1 <b>General</b> .....		4
4.2 <b>Test equipment</b> .....		4
4.3 <b>Preparation and carrying out of measurements</b> .....		6
4.4 <b>Determination of results</b> .....		6
5 <b>Test report</b> .....		6
Annex A (informative) <b>Dimensions of a bar-type test target for determination of the limit of resolution of telescopic systems</b> .....		7
Bibliography .....		12
