DIN ISO 10110-1:2007-08 (E)

Optics and photonics - Preparation of drawings for optical elements and systems - Part 1: General (ISO 10110-1:2006)

Contents

Page

1 Scope 6

2 Normative references 6

3 Fundamental stipulations 7

4 Presentation and dimensioning 7
4.1 Views 7
4.2 Axes 9
4.3 Leader lines 10
4.4 Test regions 10
4.5 Test volumes 11
4.6 Dimensioning 13
4.7 Material specification 19
4.8 Indication of tolerances and various properties 19

5 Additional indications for optical layout drawings 21
5.1 General 21
5.2 Axial separations 22
5.3 Images, pupils, field stops and other apertures 24

Annex A (informative) Examples of drawings of optical elements 26
