DIN EN 17928-2:2025-02 (E)

Gas infrastructure - Injection stations - Part 2: Specific requirements regarding the injection of biomethane

Contents

Page

European foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 General requirements 4

5 Operational functions 4

6 Overall safety requirements and protection against inadmissible operating modes - Protection against inadmissible underpressure 5

7 Requirements on stations, components and assemblies 5
7.1 Inadmissible gas composition from the upgrading station 5
7.2 Check of biomethane quality 5
7.2.1 General 5
7.2.2 Specific parameters 5
7.3 Odorization 6
