Health informatics - Deployment of a clinical data warehouse

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Abbreviated terms 4

5 Principle 4

6 General considerations of deployment of a clinical data warehouse 4
6.1 Overview 4
6.2 Requirements 6
6.3 Scope 10
6.4 Planning and implementation 12
6.5 Design considerations 15
6.6 Data and metadata 19
6.7 Security and privacy 20

7 Clinical data warehouse: data aggregation and data modelling 25
7.1 Introduction 25
7.2 Data and decision making 25
7.3 Defining CDW dimensions according to business need and relation to process 27
7.4 Health system indicators 31

8 Architecture and technology 32
8.1 Introduction 32
8.2 General characteristics 32
8.3 Existing work on data warehousing 33
8.4 Presentation layer outputs 46
8.5 Security 53
