Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Requirements 4
4.1 General 4
4.2 Radio-detectability 4
4.3 Designation of nominal size 4
4.4 Physical requirements 5
4.5 Information to be supplied by the manufacturer 5

Annex A (normative) Test for balloon rated burst pressure (RBP) 6

Annex B (normative) Balloon fatigue test for freedom from leakage and damage on inflation 8

Annex C (normative) Test for balloon deflation time 10

Annex D (normative) Test for balloon diameter to inflation pressure 12

Annex E (informative) Guidance on the selection of balloon materials 14

Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 93/42/EEC amended by Directive 2007/47/EEC 15
