Wheelchair seating - Part 11: Determination of perspiration dissipation characteristics of seat cushions intended to manage tissue integrity

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
4	Principle	2
5	Test apparatus	2
5.1	Perspiration rigid cushion loading indenter (PRCLI)	2
5.2	Electrical impedance measurement system	3
5.3	Test environment	3
6	Preparation for testing	3
7	Test method	3
8	Test report	4
