# ISO/TS 18530:2014-04 (E)

## Health Informatics - Automatic identification and data capture marking and labelling - Subject of care and individual provider identification

## Contents

Page

Foreword ..... iv

Introduction ..... v

1 Scope ..... 1

2 Normative references ..... 1

3 Terms and definitions ..... 1

4 Abbreviations ..... 4

5 GS1 specifications and ISO Standards ..... 4

6 Data structures and semantics ..... 4
6.1 Application identifiers ..... 4
6.2 Global service relation number (GSRN) ..... 4
6.3 Service relation instance number (SRIN) ..... 5

7 SoC and Individual Provider identification as a recognized priority ..... 5
7.1 General ..... 5
7.2 Supported processes ..... 6

8 Why globally unique identification? ..... 6
8.1 SoC identification and data processing ..... 6
8.2 Implementation challenges ..... 7
8.3 Symbol placement on identification bands ..... 7
8.4 Individual Provider identification ..... 8

Annex A (informative) Examples of use cases (UC) ..... 9

Bibliography ..... 56
