Foreword v

Introduction vi

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 Pilot clinical studies 2

5 Clinical validation investigation 3
5.1 Objectives of clinical validation investigation 3
5.2 Outcome measures 3
5.3 Study subjects 3
5.3.1 General 3
5.3.2 Enrolment of study subjects 3
5.4 Informed consent 5
5.5 Test and control condoms 5
5.5.1 General 5
5.5.2 Test condom 5
5.5.3 Control condom made from natural rubber latex 6
5.5.4 Expiration date of control condom 6
5.5.5 Storage conditions 6
5.5.6 Trial duration exceeds 1 year 6
5.5.7 Sampling of control condoms for bench testing 6
5.6 Randomization 6
5.7 Allocation concealment and study masking 7
5.8 Use of additional lubricant 7
5.9 Instructions and interactions with study couples 7
5.10 Interviews and data collection 8
5.10.1 Schedule for interviews and condom distribution 8
5.10.2 Enrolment interview 8
5.10.3 Individual condom use CRF 8
5.10.4 Mid-study CRF, crossover trial 9
5.10.5 Compiling data from CRFs 9
5.11 Data integrity 10
5.11.1 General 10
5.11.2 Interactive voice response systems (IVRS) 10
5.11.3 Mail-in and web-based data reporting 10
5.11.4 Web-based data collection systems and additional suggestions 11
5.12 Control of distribution chain 11
5.13 Analysis of returned condoms 12
5.14 Other methodological details 12
5.15 Statistical analysis plan 12
5.15.1 General 12
5.15.2 Primary study hypothesis 13
5.15.3 Secondary study hypotheses 13
5.15.4 Study design 13
5.15.5 Statistical analysis 14

5.15.6 Additional statistical comments and concerns 14
5.16 Clinical study results: Review and interpretation 15
5.16.1 General 15
5.16.2 Total clinical failure rates for control condom 15
5.16.3 Non-inferiority 15
5.16.4 Superiority 15
5.16.5 Safety (adverse events) 15
5.16.6 What happens if one is unable to conclude non-inferiority? 16

Annex A (informative) Formula for power calculation 17

Annex B (informative) Pilot clinical investigation (sample outline) 18

Annex C (informative) Time and events schedule for individual study subject (sample) 20

Annex D (informative) CRF -- Study entry (sample) 21

Annex E (informative) CRF -- Mid-study (sample) 24

Annex F (informative) CRF -- Individual condom use (sample) 25

Annex G (informative) CRF -- Adverse event (sample) 32

Annex H (informative) Protocol for evaluation of returned used condoms 34
