# ISO/TS 22558:2019 (E)

## Health informatics — Classification of traditional Chinese medicine data sets

## Contents

Foreword

Introduction

1 Scope

2 Normative references

3 Terms and definitions

4 Classification scheme and coding scheme

- 4.1 Classifying and coding Principle
- 4.1.1 Scientificity
- 4.1.2 Systematicness
- 4.1.3 Scalability
- 4.1.4 Practicability
- 4.2 Classification scheme
- 4.3 Coding scheme

5 Classification and code list

- 5.1 TCM label
- 5.2 Creator type
- 5.3 Data source type
- 5.4 Subject type

6 Examples for classifying and coding

Annex A (informative) Use case analysis

- A.1 Graphical description of use case
- A.2 Data processing/cataloguing
- A.3 Metadata harvesting
- A.4 Indexing and releasing
- A.5 Classification retrieval
