DIN 13273-8:2020-07 (E)

Catheters for medical use - Part 8: Epidural catheters

Contents

Page

Foreword ... 3
1 Scope ... 4
2 Normative references ... 4
3 Terms and definitions ... 4
4 Schematic diagram of a catheter used as an epidural catheter ... 6
5 Requirements and testing ... 6
5.1 Radio-detectability ... 6
5.2 Transparency of the tubing material ... 6
5.3 Markings ... 6
5.4 Marking of the epidural access point ... 6
5.5 Peak tensile force ... 7
5.6 Tensile strength between connector and catheter ... 7
5.7 Freedom from leakage of the assembled treatment system ... 7
5.8 Connector ... 7
5.9 Guide wire ... 7
5.10 Side holes ... 7
5.11 Patency of assembled epidural unit ... 7
5.12 Kinking ... 7
5.13 Movability of the catheter through the needle ... 8
5.14 Applicator ... 8
6 Designation of nominal size ... 8
7 Information to be supplied by the manufacturer ... 8
8 Disposal ... 8
Bibliography ... 9
