ISO 20417:2021 (E)

Medical devices — Information to be supplied by the manufacturer

Contents

Foreword

Introduction

1 Scope

2 Normative references

3 Terms and definitions

4 General considerations

5 Information elements to be established

- 5.1 Units of measurement
- 5.2 Graphical information
- 5.3 Language and country identifiers
- 5.3.1 Language identifiers
- 5.3.2 Country identifiers
- 5.4 Dates
- 5.5 Full address
- 5.6 Commercial product name
- 5.7 Model number
- 5.8 Catalogue number
- 5.9 Production controls
- 5.10 Unique device identifier
- 5.11 Types of use/reuse
- 5.12 Sterile

6 Requirements for accompanying information

- 6.1 Requirements for information to be supplied on the label
- 6.1.1 Minimum requirements for the label
- 6.1.2 Identification of the manufacturer
- 6.1.3 Identification of the medical device or accessory
- 6.1.4 Other label requirements
- 6.1.5 Consult instructions for use
- 6.1.6 Safety signs
- 6.2 Identification requirements for detachable components of a medical device or accessory
- 6.3 Legibility of the label
- 6.4 Durability of markings
- 6.5 Information to be provided on the packaging
- 6.5.1 General information
- 6.5.2 Packaging for the lay user
- 6.5.3 Special conditions indicated on the packaging
- 6.6 Requirements for information in the instructions for use and technical description
- 6.6.1 General
- 6.6.2 Requirements for instructions for use
- 6.6.3 Additional requirements for the instructions for use for a lay user
- 6.6.4 Requirements for technical description
- 6.6.5 Requirements for e-documentation

7 Other information that is required to be supplied with the medical device or accessory

- 7.1 Importer
- 7.2 Distributor

7.3 Repackaging
7.4 Translation
7.5 Regulatory identification

Annex A (informative) Particular guidance and rationale

A.1 General guidance
A.2 General

Annex B (informative) Example test method for assessing clearly legible requirements

Annex C (informative) Example test method for assessing durability

Annex D (informative) Cross reference between the document and the requirements considered

Annex E (informative) Reference to the IMDRF essential principles and labelling guidances

Annex F (informative) Reference to the essential principles

Annex G (informative) Reference to the general safety and performance requirements for medical devices

Annex H (informative) Reference to the general safety and performance requirements for IVD medical devices

Annex I (informative) Terminology — Alphabetized index of defined terms
