| Vorwort .....   | 3            |
| 1 Anwendungsbereich.....                              | 4            |
| 2 Normative Verweisungen .....                        | 4            |
| 3 Begriffe .....                                      | 4            |
| 4 Abkürzungen .....                                   | 4            |
| 5 Bezeichnung.....                                    | 5            |
| 6 Entnahme und Aufbereitung des Blutes .....          | 5            |
| 7 Geräte, Materialien und Reagenzien .....            | 6            |
| 7.1 Geräte und Ausrüstung.....                        | 6            |
| 7.2 Materialien und Reagenzien .....                  | 6            |
| 7.2.1 ELISA-Platten .....                             | 6            |
| 7.2.2 Collagen .....                                  | 6            |
| 7.2.3 Antikörper .....                                | 6            |
| 7.2.4 Puffersysteme.....                              | 7            |
| 7.2.5 Substrate .....                                 | 7            |
| 7.2.6 Referenzmaterial.....                           | 7            |
| 8 Durchführung .....                                  | 7            |
| 8.1 Allgemeine Richtlinien .....                      | 7            |
| 8.2 Bezugskurve.....                                  | 8            |
| 8.3 Probenverdünnungen.....                           | 8            |
| 8.4 Mindestanforderungen.....                         | 8            |
| 8.5 Testablauf .....                                  | 8            |
| 8.6 Messung.....                                      | 9            |
| 8.7 Auswertung und Evaluierung der Daten.....         | 9            |
| 8.8 Ergebnismitteilung .....                          | 9            |
| 9 Validierung des Testsystems .....                   | 9            |
| 10 Referenzintervall.....                             | 9            |
| 11 Störfaktoren .....                                 | 10           |
| 12 Beeinflussung der Interpretation .....             | 10           |
| Literaturhinweise .....                               | 11           |
| <br>  |              |
