Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 Structure and dimensions of tapping-type dermal needles 3
4.1 Size designation 3
4.2 Structure and dimensions of tapping-type dermal needle 3
4.2.1 Structure of tapping-type dermal needle 3
4.2.2 Dimensions of tapping-type dermal needle 4

5 Materials 4
5.1 General 4
5.2 Needle body 5
5.3 Handle and tapping head 5

6 Performance requirements 5
6.1 Appearance and cleanliness 5
6.1.1 Needle body and needle tip 5
6.1.2 Handle 5
6.2 Firmness of needle tips 5
6.3 Fastness of connection between tapping head and handle of the dermal needle 6
6.4 Hardness of the needle body 6
6.5 Resistance to corrosion 6
6.6 Sterility 6

7 Packagingandidentification 6
7.1 Primary packaging 6
7.1.1 General 6
7.1.2 Packing method 6
7.1.3 Identification 6
7.2 Secondary package 7
7.2.1 Packing method 7
7.2.2 Identification 7

8 Transit and storage 8
8.1 Transit 8
8.2 Storage 8
