Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 Symbols 3

5 Dimensions 4
5.1 General 4
5.2 Bottles without sealing ring 4
5.3 Bottles with sealing ring 5

6 Material 7

7 Requirements 7
7.1 General requirements 7
7.2 Physical requirements 7
7.2.1 Vertical Force 7
7.2.2 Particulate contaminations 8
7.3 Chemical requirements 8
7.4 Sterilization 8

8 Marking of the bottle 8

9 Packaging options 8
9.1 General packaging requirements 8
9.2 Packaging for nonsterile glass bottles 9
9.3 Ready to sterilize or sterile glass bottles 9

Annex A (informative) Snap-on considerations 10

Annex B (informative) Tightness test 12

Annex C (informative) Inner depth measuring 13

Annex D (informative) Vertical force measurement test method 14

Annex E (informative)Exampleofapackagingconfiguration 16
