Snap-on bottles for metering pumps - Part 1: Tubular glass

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
4	Symbols	3
5	Dimensions	4
5.1	General	4
5.2	Vials without sealing ring	4
5.3	Vials with sealing ring	7
6	Materials	10
7	Requirements	10
7.1	General requirements	10
7.2	Physical requirements	10
7.2.1	Vertical force	10
7.2.2	Particulate contaminations	10
7.3	Chemical requirements	11
7.4	Sterilization	11
8	Marking of the vial	11
9	Packaging options	11
9.1	General packaging requirements	11
9.2	Packaging for nonsterile glass vials	11
9.3	Ready to sterilize or sterile glass vials	11
Annex A (informative)	Snap-on considerations	13
Annex B (informative)	Tightness test	15
Annex C (informative)	Inner depth measuring	16
Annex D (normative)	Vertical force measurement test method	17
Annex E (informative)	Example of a packaging configuration	19
