ISO/TR 6231:2024-06 (E)

Health informatics - Standardizing graphical content

Contents

Page

Foreword ..... **iv**

Introduction ..... **v**

1 Scope **1**

2 Normative references **1**

3 Terms and definitions **1**

3.1 General terms 1

3.2 Terms related to information management 2

3.3 Terms related to healthcare 3

3.4 Terms related to graphical information 4

4 Overview **5**

5 Current efforts of graphics standardization **7**

6 Example sets of healthcare graphics usage **8**

6.1 General 8

6.2 Working with terminologies 8

6.3 EHR and applications toolbar 9

6.4 Use within PC based and mobile applications 10

6.5 Creating a standard palette or toolbox 14

6.6 Natural language processing (NLP) 14

6.7 Helpfiles and suggestions 15

6.8 Medical devices 15

6.9 Artificial intelligence (AI) 15

7 Challenges regarding graphics standardization **16**

Bibliography **17**
