Health informatics - The architecture of internet healthcare service network

Contents

Page

Foreword ..... **iv**

Introduction ..... **v**

1 Scope **1**

2 Normative references **2**

3 Terms and definitions **2**

4 Overall architecture of internet healthcare service network **3**

5 Infrastructure of internet healthcare service network **4**

5.1 Service opening device 4

5.1.1 Functional requirements 4

5.1.2 Technical characteristics 5

5.2 Service routing device 5

5.2.1 Functional requirements 5

5.2.2 Technical characteristics 5

6 Deployment scheme of internet healthcare service network **6**

6.1 Star topology 6

6.2 Tree topology 6

6.3 Mesh topology 7

7 Security of internet healthcare service network **8**

7.1 Category of privacy information 8

7.2 Network security requirement 8

7.2.1 Access control 8

7.2.2 Communication security 9

7.2.3 Audit control 9

7.2.4 Data security 9

Annex A (informative) **Implementation of IHSN** **10**

Bibliography **12**
