ISO 6559:2024-07 (E)

Traditional Chinese medicine - Sterile three-edge needle for single use

Contents

Page

Foreword ..... **iv**

Introduction ..... **v**

1 Scope **1**

2 Normative references **1**

3 Terms and definitions **1**

4 Specifications **2**

4.1 Configuration 2

4.2 Dimensions and parameters 3

4.2.1 Whole length of the three-edge needle 3

4.2.2 Length of the head of the three-edge needle 3

4.2.3 External diameter of the widest part of the head of the three-edge needle 3

4.2.4 External diameter of the body of the three-edge needle 3

4.3 Material 4

5 Requirements **4**

5.1 Hardness 4

5.2 Roughness 4

5.3 Puncture force 4

5.4 Corrosion resistance 4

5.5 Sterility assurance 4

5.6 Biological compatibility 4

5.7 Appearance quality 4

6 Packaging **5**

6.1 Primary package 5

6.2 Secondary package 5

7 Labelling **5**

7.1 General 5

7.2 Primary package 5

7.3 Secondary package 6

8 Transit and storage **6**

Annex A (informative) **Test method for puncture force** **7**

Bibliography **9**
