DIN EN ISO 7396-3:2026-01 (E)

Medical gas pipeline systems - Part 3: Proportioning units for the production of synthetic medical air (ISO 7396-3:2025)

Contents

Page

Foreword ..... **v**

Introduction ..... **vi**

1 Scope **1**

2 Normative references **1**

3 Terms and definitions **2**

4 Nomenclature **5**
4.1 General 5
4.2 Components of a proportioning unit 5

5 General requirements **6**
5.1 Safety 6
5.2 Usability 6
5.3 Materials 6

6 Design requirements **7**
6.1 Environmental conditions 7
6.2 Specification for synthetic medical air 7
6.3 Management of the conformity of supply 7
6.4 Sample port 8
6.5 Outlet connector 8
6.6 Inlet connectors: Pressure-equalizing system 8
6.6.1 Inlet connectors 8
6.6.2 Pressure-equalizing system 8
6.7 Requirements for outlet pressure 8
6.8 Indication of the functional parameters 9
6.9 Monitoring and alarm systems 9
6.10 Record capability 9
6.11 Leakage 10
6.12 Manual shut-off valves 10
6.13 Automatic shut-off valves 10
6.14 Non-return valves 10
6.15 Pressure-relief valves 10
6.16 Mechanical strength 10
6.17 Filtration 11
6.18 Electromagnetic compatibility 11
6.19 Electrical safety 11
6.20 Oxygen analysers 11
6.21 Software 12
6.22 Enclosure 12

7 Constructional requirements **12**
7.1 Cleanliness 12
7.2 Lubricants 12

8 Type test methods **12**
8.1 General 12
8.2 Test method for compliance of synthetic medical air to specification 12
8.3 Test method for leakage 12
8.4 Test method for alarms 13

8.5 Test method for mechanical strength 13
8.6 Test method for performance 13
8.7 Electromagnetic compatibility test 13
8.8 Electrical safety test 13
8.9 Test method for automatic shut-off valve 13
8.10 Test for enclosure 13
9 Marking and packaging 14
9.1 Marking 14
9.2 Packaging 14
10 Information supplied by the manufacturer 14
10.1 General 14
10.2 Information for installation 14
10.3 Instructions for use 15
10.4 Information for maintenance 15
Annex A (informative) **Typical example of a proportioning unit with terminology 16**
Annex B (informative) **Typical forms for documenting compliance of the proportioning unit with the requirements of this document 17**
Annex C (informative) **Rationale 24**
Annex D (informative) **List of potential hazards 25**
Bibliography 26
