|----------------------------------------------------------------------------------------|----|
| Foreword.....                                                                          | iv |
| Introduction.....                                                                      | v  |
| 1 Scope.....                                                                           | 1  |
| 2 Normative references.....                                                            | 1  |
| 3 Terms and definitions.....                                                           | 1  |
| 4 Descriptions.....                                                                    | 2  |
| 5 Requirements and recommendations.....                                                | 2  |
| 5.1 General characteristics.....                                                       | 2  |
| 5.2 Morphological features.....                                                        | 3  |
| 5.3 Microscopic identification.....                                                    | 3  |
| 5.4 Thin-layer chromatogram (TLC) identification.....                                  | 4  |
| 5.5 Moisture.....                                                                      | 4  |
| 5.6 Total ash.....                                                                     | 4  |
| 5.7 Heavy metals.....                                                                  | 4  |
| 5.8 Pesticide residues.....                                                            | 4  |
| 5.9 Artificial colorants.....                                                          | 4  |
| 5.10 Marker compound(s).....                                                           | 4  |
| 6 Sampling.....                                                                        | 4  |
| 7 Test methods.....                                                                    | 4  |
| 7.1 Morphological features.....                                                        | 4  |
| 7.2 Microscopic identification.....                                                    | 4  |
| 7.3 Thin-layer chromatogram identification.....                                        | 4  |
| 7.4 Determination of moisture.....                                                     | 4  |
| 7.5 Determination of total ash.....                                                    | 4  |
| 7.6 Determination of heavy metals.....                                                 | 5  |
| 7.7 Determination of pesticide residues.....                                           | 5  |
| 7.8 Determination of artificial colouring.....                                         | 5  |
| 7.9 Determination of marker compound(s).....                                           | 5  |
| 8 Test report.....                                                                     | 5  |
| 9 Packaging, storage and transportation.....                                           | 5  |
| 10 Marking and labelling.....                                                          | 5  |
| Annex A (informative) Thin-layer chromatography (TLC) identification.....              | 7  |
| Annex B (informative) Determination of marker compound(s) by HPLC-UV.....              | 8  |
| Annex C (informative) Reference information of national and regional requirements..... | 10 |
| Bibliography.....                                                                      | 11 |
