Foreword iv

1 Scope 1

2 How to use this Technical Report 2

3 Standardized testing and information disclosure 2
3.1 General 2
3.2 Background on tests and standards 2
3.3 Standards increase your buying power 2
3.4 More about International Standards 3
3.5 How chairs are tested 5
3.6 How information is disclosed 5

4 General considerations 6
4.1 Manual versus powered wheelchairs 6
4.2 Rigid versus folding manual wheelchairs 8
4.3 Direct-drive versus belt-drive powered wheelchairs 8
4.4 Cost 9

5 Incorporating personal body characteristics 10
5.1 Body size 10
5.2 Seating 11
5.3 Joint flexibility 19
5.4 Propulsion skill 21

6 Manual wheelchairs 23
6.1 Performance 23
6.2 Safety 31
6.3 Dimensions 36

7 Powered wheelchairs 39
7.1 Performance 39
7.2 Safety 49
7.3 Dimensions 60

Annex A (informative) Additional information not required for disclosure in the manufacturer's technical product literature 65
