Foreword v

Introduction vi

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1
3.1 Terms related to the environment 1
3.2 Terms related to environmental statements 2
3.3 Terms related to programmes 5
3.4 Terms related to life cycle 6
3.5 Terms related to conformity assessment of environmental statements 6

4 Principles 7
4.1 General 7
4.2 Credibility 7
4.2.1 Principle 7
4.2.2 Rationale 7
4.3 Evidence-based methodology 7
4.3.1 Principle 7
4.3.2 Rationale 7
4.4 Transparency and availability 8
4.4.1 Principle 8
4.4.2 Rationale 8
4.5 Confidentiality 8
4.5.1 Principle 8
4.5.2 Rationale 8
4.6 Life cycle perspective 8
4.6.1 Principle 8
4.6.2 Rationale 8
4.7 Environmental performance improvement and innovation 9
4.7.1 Principle 9
4.7.2 Rationale 9
4.8 Accessibility and avoidance of unnecessary information and administrative demands 9
4.8.1 Principle 9
4.8.2 Rationale 9
4.9 Interested parties and consultation 9
4.9.1 Principle 9
4.9.2 Rationale 9
4.10 Voluntary 10
4.10.1 Principle 10
4.10.2 Rationale 10
4.11 Regionality 10
4.11.1 Principle 10
4.11.2 Rationale 10

5 Types of environmental statements 10
5.1 General 10
5.2 Self-declared environmental claim 10

5.3 Ecolabel 11
5.4 Environmental product declaration 11
5.5 Footprint communication 11
5.6 Other types of environmental statement 11

6 General requirements for environmental statement programmes 12
6.1 Environmental statement programme 12
6.2 Environmental statement programme owner and operator 13
6.3 Involvement of interested parties 14
6.4 Scope of programme, responsible parties and intended audiences 14
6.5 Specified requirements and criteria 14
6.6 Quantification methodologies, data quality and reporting 15
6.7 Conformity assessment 15
6.8 Format of environmental statements, reporting and publication 16
6.9 Changes or revisions to environmental statement programmes, specified requirements and criteria and environmental statements 16

7 General requirements for environmental statements 17
7.1 General 17
7.2 Vague or non-specific statements 18
7.3 Statements of sustainability 18
7.4 Comparative environmental statements 18
7.5 Use of supporting information 19
7.6 Use of symbols and graphics in environmental statements 19
7.7 Other information or statements 20

Annex A (informative) Example of a simple environmental statement programme for a self-declared environmental claim 21
