3 Terms and definitions 4

4 Principle 5

5 Reagents 5

6 Apparatus 5

7 Sampling 6

8 Procedure 6
8.1 Preparation of the test sample 6
8.2 Test portion 6
8.3 Preliminary extraction 6
8.4 Hydrolysis 7
8.5 Extraction 8

9 Calculation and expression of results 8
9.1 Determination with preliminary extraction 8
9.2 Determination without preliminary extraction 9

10 Precision 9
10.1 Interlaboratory test 9
10.2 Repeatability 9
10.3 Reproducibility 9
10.4 Critical difference 9
10.5 Measurement uncertainty 10

11 Test report 11

Annex A (informative) Results of an interlaboratory test 12

Annex B (informative) Comparison of fat contents for the samples used in the interlaboratory test 17
