

ISO 12099:2010-06 (E)

Animal feeding stuffs, cereals and milled cereal products - Guidelines for the application of near infrared spectrometry

Contents		Page
Foreword		iv
Introduction		v
1 Scope		1
2 Terms and definitions		1
3 Principle		2
4 Apparatus		2
5 Calibration and initial validation		2
6 Statistics for performance measurement		4
7 Sampling		11
8 Procedure		11
9 Checking instrument stability		12
10 Running performance check of calibration		12
11 Precision and accuracy		14
12 Test report		14
Annex A (informative) Guidelines for specific NIR standards		15
Annex B (informative) Examples of figures		16
Annex C (informative) Supplementary terms and definitions		22
Bibliography		29
