

# ISO/TS 22117:2010-11 (E)

## Microbiology of food and animal feeding stuffs - Specific requirements and guidance for proficiency testing by interlaboratory comparison

---

| <b>Contents</b>  |   | <b>Page</b> |
|--|---|-------------|
| Foreword .....   |   | iv          |
| Introduction .....   |   | v           |
| 1  | Scope .....   | 1           |
| 2  | Normative references .....  | 1           |
| 3  | Terms and definitions .....   | 2           |
| 4  | Scheme design and purpose .....   | 2           |
| 4.1  | General .....   | 2           |
| 4.2  | Scheme objectives .....   | 2           |
| 4.3  | Laboratory requirements for schemes .....                               | 3           |
| 4.4  | Choice of test matrices .....   | 3           |
| 4.5  | Information on test methods used by the PT provider .....               | 3           |
| 4.6  | Statistical design .....  | 3           |
| 5  | Technical requirements and guidance for sample design and content ..... | 4           |
| 5.1  | Target organisms level .....  | 4           |
| 5.2  | Sources, characterization and traceability of organisms .....           | 4           |
| 5.3  | Background and competitive flora .....                                  | 5           |
| 5.4  | Matrix selection and effects .....                                      | 5           |
| 6  | Sample verification by the provider .....                               | 5           |
| 6.1  | General .....   | 5           |
| 6.2  | Sample homogeneity testing -- General considerations .....              | 5           |
| 6.3  | Homogeneity testing for quantitative (enumeration) samples .....        | 6           |
| 6.4  | Homogeneity testing for qualitative methods .....                       | 7           |
| 6.5  | Stability testing by the provider .....                                 | 7           |
| 7  | Sample handling .....   | 8           |
| 7.1  | General .....   | 8           |
| 7.2  | Instructions to participants .....                                      | 8           |
| 8  | Performance evaluations .....   | 9           |
| 8.1  | General .....   | 9           |
| 8.2  | Preliminary considerations .....  | 9           |
| 8.3  | Quantitative methods .....  | 9           |
| 8.4  | Assessment of qualitative methods .....                                 | 16          |
| Annex A (informative) Example of details to be included in a PT scheme plan .....  |   | 19          |
| Annex B (informative) Methods of testing for variation between portions of test materials .....  |   | 21          |
| Annex C (informative) A practical method to assess long-term performance of participants in PT schemes using enumeration methods ..... |   | 24          |
| Annex D (informative) Example of a safety data sheet .....   |   | 26          |
| Bibliography .....   |   | 28          |
