

DIN EN ISO 12966-2:2011-05 (E)

Animal and vegetable fats and oils - Gas chromatography of fatty acid methyl esters - Part 2: Preparation of methyl esters of fatty acids (ISO 12966-2:2011)

Contents		Page
Foreword		3
Introduction		4
1	Scope	7
2	Normative references	7
3	Reactions	7
4	Methodology	8
4.1	Preparation of test sample	8
4.2	Rapid method	8
4.3	General method	10
4.4	Transmethylation using boron trifluoride (BF ₃) catalyst	12
4.5	Acid-catalysed transmethylation of glycerides	15
Annex A (informative) Thin-layer chromatography method for testing the completeness of derivatization		17
Bibliography		21
