

DIN EN ISO 12966-2:2011-05 (E)

Animal and vegetable fats and oils - Gas chromatography of fatty acid methyl esters - Part 2: Preparation of methyl esters of fatty acids (ISO 12966-2:2011)

| Contents | | Page |
|---|--|-------------|
| Foreword | | 3 |
| Introduction | | 4 |
| 1 | Scope | 7 |
| 2 | Normative references | 7 |
| 3 | Reactions | 7 |
| 4 | Methodology | 8 |
| 4.1 | Preparation of test sample | 8 |
| 4.2 | Rapid method | 8 |
| 4.3 | General method | 10 |
| 4.4 | Transmethylation using boron trifluoride (BF ₃) catalyst | 12 |
| 4.5 | Acid-catalysed transmethylation of glycerides | 15 |
| Annex A (informative) Thin-layer chromatography method for testing the completeness of derivatization | | 17 |
| Bibliography | | 21 |
