| <b>Contents</b>    |   | <b>Page</b> |
|--------------------|---|-------------|
| Foreword .....     |   | 3           |
| Introduction ..... |   | 4           |
| 1                  | Scope .....   | 5           |
| 2                  | Terms and definitions .....                               | 5           |
| 3                  | Risk assessment factors .....                             | 6           |
| 3.1                | General .....   | 6           |
| 3.2                | Composition of the product .....                          | 6           |
| 3.2.1              | General characteristics .....                             | 6           |
| 3.2.2              | Water activity, $a_w$ , of formulation .....              | 6           |
| 3.2.3              | pH of formulation .....                                   | 7           |
| 3.2.4              | Alcohol content .....                                     | 8           |
| 3.2.5              | Raw materials that can create a hostile environment ..... | 8           |
| 3.3                | Production conditions .....                               | 9           |
| 3.4                | Packaging .....   | 9           |
| 3.5                | Combined factors .....                                    | 9           |
| 4                  | Identified low-risk products .....                        | 10          |
| Bibliography ..... |   | 11          |
