## Milk - Determination of nitrogen content - Part 5: Determination of protein-nitrogen content

---

| <b>Contents</b>    |   | <b>Page</b> |
|--------------------|---|-------------|
| Foreword .....     |   | iv          |
| 1                  | Scope .....                                   | 1           |
| 2                  | Normative references .....                    | 1           |
| 3                  | Term and definition .....                     | 1           |
| 4                  | Principle .....                               | 2           |
| 5                  | Reagents .....                                | 2           |
| 6                  | Apparatus .....                               | 2           |
| 7                  | Sampling .....                                | 2           |
| 8                  | Preparation of test sample .....              | 3           |
| 9                  | Procedure .....                               | 3           |
| 9.1                | Test portion .....                            | 3           |
| 9.2                | Direct determination .....                    | 3           |
| 9.3                | Indirect determination .....                  | 4           |
| 10                 | Calculation and expression of results .....   | 4           |
| 10.1               | Calculation of protein-nitrogen content ..... | 4           |
| 10.2               | Calculation of true protein content .....     | 4           |
| 11                 | Precision .....                               | 5           |
| 11.1               | Interlaboratory test .....                    | 5           |
| 11.2               | Repeatability .....                           | 5           |
| 11.3               | Reproducibility .....                         | 5           |
| 12                 | Test report .....                             | 5           |
| Bibliography ..... |   | 6           |
