Stored cereal grains and pulses - Guidance on the detection of infestation by live invertebrates by trapping

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Terms and definitions 1

3 Principle 2

4 General 2

5 Trap types 3

6 Method of trapping 3
6.1 Trapping in bulk grain 3
6.2 Trapping in sack stores 4

7 Record of findings 6

8 Interpretation of findings 7

Annex A (informative) Other methods for the detection of live invertebrates in stored grain 8

Annex B (informative) Examples of trap types for detecting live invertebrate infestation in stored grain 9

Annex C (informative) Illustrations of examples of the different trap types used for the detection of live insects and mites in stored grain 10

Annex D (informative) Examples of treatment methods for grains infested by invertebrate pests 13
